

Walk

a mile in HER shoes

WHO WE SUPPORT

Gillian's Place is a safe and positive space.

Gillian's Place respects human rights. We are a place where Two-Spirit, lesbian, gay, bisexual, transgender, queer, questioning, intersex, asexual, aromantic, and all gender- and sexually- diverse folks are welcomed and supported.

We recognize that gender-based violence does not affect just women and girls. Sadly, our community experiences disproportionately high rates of anti-transgender violence, where more than half of trans, Two-Spirit, genderqueer, and non-binary people have experienced some form of intimate partner, family, and domestic violence, including acts involving coercive control and physical harm.

Beyond providing safety and support, Gillian's Place prides ourselves in providing safe and positive community events.

By supporting Walk a Mile in HER Shoes, you are agreeing and committing to creating a safe and positive event that will help provide spaces and services that support all survivors of gender-based violence.
